

# BEGINNER BASKET WEAVING CLASS

Dainty and Different

Front View

Dimensions: 8.5" long; 3" wide at base; about 4.5" wide at the top; and 4.5" tall.

Back View

The two sides are different as one has color overlays, and one side is plain with no color.

Students will learn basic weaving techniques and take home a completed basket. No prior weaving experience necessary. All materials and tools will be provided by Bonnie.

This class is basic over/under weaving with a standard rim and lashing technique. Reed (a wood type product) is used for the materials. The rim filler is a cotton cord which hangs down one side so you can add wooden beads or your own personal trinkets!

Saturday, October 21, 2023

12:00 pm to 4: pm

The Camden Art Shoppes,  
1110 Broad St, Camden, SC
